ABOUT US

Efsanemed Medical Products; It is a Efsane Group organization.

Efsane Bayrak, which has been working and acclaimed in the sector for more than 30 years, started to serve the construction industry with Elvira İnşaat in 2014 and by establishing the Efsanemed Medical Products company in 2020, and has become a legend group by gathering all its companies under the same roof.

It is an organization that aims to do its job well in the health sector in the pandemic that the world has fought since 2020 and the new life style it brings.

Efsanemed, which is in most of the textile sub-themed productions in the health sector, aims to do its job in the most meticulous way. Republic of Turkey on the first day of entry into the sector aimed at making production line as permitted by the Ministry of Health has started manufacturing the scope of CE and ISO quality certificates.

Our company proves day by day that it is different from the so-called medical companies that produce sub-industry products through regular inspections and controls.

It is one of the rare companies that have universally approved documents such as FDA-GMP and that produces according to these documents.

OUR QUALITY POLICY

In order to meet the needs and expectations of our customers; It is our company's quality policy to comply with the quality management system requirements, to continuously improve the quality management system, and to not compromise on service quality under any circumstances.
